The Outlook at Casa Grande.

Special Correspondence of THE REPUBLICAN.

CASA GRANDE, October 23.—Several of the Republican candidates in Pinal county have been in Casa Grande and vicinity the past few days, doing good and substantial work for themselves and party, prominent among them being the following gentlemen: B. B. Denure, for House of Representatives, L. K. Dris, for Sheriff, D. C. Stevens, for County Treasurer, W. H. Benson, for Probate Judge, Hugh Chalmers, for Supervisor and J. M. Ochoa, for County Recorder. The energy displayed by these men in their canvass is commendable from the fact that they are doing their work without resorting to any unfair means against their opponents, which is so common among some men aspiring for office.

They are accomplishing all this with many obstacles to contend with, among which is the opposition from the only newspaper published in Pinal county. George W. Cheyney, for Delegate to Congress, and W. F. Nichols, for Joint Councilman, addressed the people of Casa Grande a few days ago and expressed their sentiments and views, which were enthusiastically received and increased their support in this locality.

Prescott After the Bradshaw Trade.

From the Journal-Miner.

The importance to Prescott of a wagon road to the Bradshaw mountains can not be over estimated. It is one of vital importance to every resident of Prescott. Phoenix is reaching out for the trade of that country, although in a direct line it is only about thirty miles from Prescott, while it is from sixty to seventy miles from the former town. Our people should not be satisfied with any "make-shift" affair—a road that, when the high water comes, will be washed out so that it will cost as much to repair almost as it did to build it. The best practicable route should be selected and a good road built—one that can be traveled every month in the year. Let every one attend the meeting tonight and aid the movement by his presence, if nothing more.

THE MARKETS.

NEW YORK, October 24.—The stock market today was weak in silver. Higher rates for money, and especially continued liquidations in sugar refineries, were disquieting features. Sugar was the feature of the day, and except one slight reaction, the downward movement was not checked until 6 1/4 was touched. This is a loss of 1 1/4 per cent since Wednesday and 1 3/4 per cent since Monday. An apparent effort to advance stock in the afternoon caused a rush to cover, carrying it nearly 1 1/2 per cent beyond the opening of the day. A dispatch in the afternoon from Chicago saying all grangers except Northwestern were about to boycott the Union Pacific was a signal for a combined attack on the roads, but a vigorous rally in sugar brought everything else up. Final changes of the day show the majority of losses generally fractional. Union Pacific is down 1 1/4.

The following were the closing quotations:

Pacific Co.	113
Central Pacific	39
Denver and Rio Grande	17
Pacific Mail	17 1/2
Texas Pacific	17 1/2
Union Pacific	49 1/2
Wells Fargo Express	49 1/2
Western Union	81 3/4

Money on call, firm, at 3/8 per cent, closing at 3/8. Prime mercantile paper, 5/16 per cent. Sterling exchange, quiet and barely steady. Sixty-day bills, \$4.85 1/2; demand, \$4.86. Bar silver, \$1.05.

San Francisco Mining Stocks.

Chicago Grain.

CHICAGO, October 24.—In wheat, free liquidation was again under way and resulted in further decline, the market ruling weak most of the season. The bear interest, having the control, were aggressive, and "long" wheat kept coming out at each decline. Stop loss limit orders were reached and wheat sold on these materially aided depression. The opening was 1/8 per cent lower than yesterday's closing, and prices declined with only slight fluctuations. Wheat, 1/8 per cent, again became weak and sold off 1/8 per cent to inside prices; fluctuated slightly, and closed 1/8 per cent lower than yesterday. Receipts, 765,000; shipments, 115,000.

Wheat—Quotations:

Barley—First	30c

HOFF, OF TUCSON!

BELOW IS A CUT OF THE TERRITORIAL RENOWNED CHARLES F. HOFF, COMMONLY known as HOFF, OF TUCSON. Mr. Hoff is Manufacturer Agent and Merchandise Broker, with headquarters at Tucson. He is the gentleman that has agitated the windmill question so much, the results of which are being seen all over the Territory, and which is turning the barren deserts into blooming gardens.

THE AERMOTOR WINDMILL

Shows an increase of 30 per cent in power over all other windmills. The wheel is entirely of STEEL.

Sun, Rain or Storm therefore have no effect on the same.

It is sold with or without TITLING TOWERS. FIXED TOWERS are the cheapest, but the TITLING TOWER is the most convenient, same brings the wheel down to the ground for oiling. Think of it: the wheel comes down to you.

The AERMOTOR has from 4 to 16-inch strokes. Three revolutions of the wheel to one stroke of the pump allows it to start up easier under a heavy load, and runs when other wheels are idle, not being "quite" sufficient wind to run other mills. The wheel itself being so LIGHT, runs so much faster when started, and thus gains more in speed than it loses in the stroke. But these are only a few reasons why the AERMOTOR is Superior in Power, Construction and Durability to all other wind-motors. However, so far as the power of the wheel is concerned, the greatest

gain in power is due to the structure of the wheel itself. To specify ALL the reasons for this would be too tedious. Suffice it to say that this claim is based on numerous dynamometric tests on more than sixty different wheels, and that the AERMOTOR has been submitted to long and applied practical tests, in conjunction with the leading wind-motors of the country, and it has been proven by actual trial and measurement that the 8-foot STEEL AERMOTOR will pump more water in the same time, in any kind of wind, and will do the same work in lighter wind than the best of 10-foot wooden wheels made. The AERMOTOR WIND ENGINE, without exaggeration, is the greatest invention of the nineteenth century, and every home in Arizona should have one, as a home without a windmill is like a library without books, a home without a soul.

CHARLES F. HOFF, Agent, Tucson, Arizona.
